NITRO MARINE TAKES OUT TOP AWARD

In May 2008 Nitro Marine was awarded Mercury Marine's 2007 Dealer of the Year for Australia, New Zealand and the South Pacific. The award was presented at the annual dealer rewards trip came as a great surprise to Michael & Therese Waugh (pictured with John Pfeifer Brunswick Marine EMEA President (Left)). Having won numerous top ten dealer awards has been fantastic but to take out the number one dealer is certainly great recognition of our business, staff and our customers.

SANCTUARY COVE 2008

The release of the Eagle 53 Pilot House Cruiser at the Sanctuary Cove Boat Show kept the team busy with over 100 personal inspections, the boat received great reviews from all. Mary Chou from TMC was kept busy not only offering the builders insight on the boat but negotiating a deal for two Eagle 53 Pilot Houses to Singapore & Spain. It was also a great opportunity to inspect other layout and designs and discuss future improvements to Eagle range. In response to these discussions TMC are revising hardtops, fly bridge layouts and a 3 step entry to the master stateroom from the saloon.

ORDER NOW FOR 2009

With a strong Australian Dollar & the Yuan steady against the USD those customers looking to be boating in 2009 should seriously look at ordering a new boat now (current lead time 10 months). For those who need to sell their current boat first, Eagle Cruisers will be setting up our own brokerage with no fees charged on those customers negotiating a deal on the Eagle 53 or 40. If you are interested in this option please email michael@nitromarine.com.au for further details.

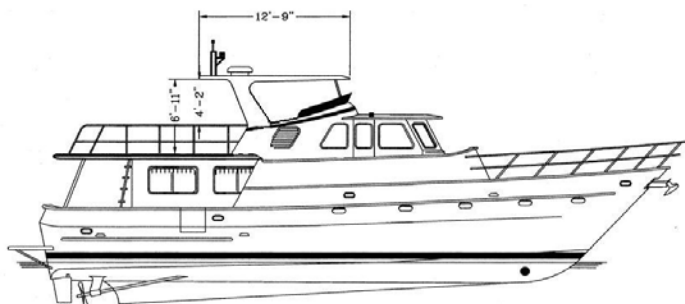

EAGLE 5309 BOUND FOR SPAIN.

The water test on Hull 5309 will be carried out in China late June/ Early July, this boat has also had some custom changes in the saloon and a blue hull (Photos should be available shortly). Anybody wishing to visit the factory for the water tests should contact Michael.

EAGLE 5308 BERTHED GOLD COAST.

Eagle 5308 is now located on the Gold Coast and is available for inspection just phone or email for details.
